

Electrical Parts for Forklifts

Forklift Electrical Part - Forklifts can be specifically marked to be used in hazardous locations. A marked truck denotes the design has met the lowest standards of ANSI/UL 558 meant for engine powered lift trucks or ANSI/UL 583 intended for electric lift trucks for the type of label put.

The use for labels intended for lift lift trucks could be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Maintenance and Operation, Type Designations, and Areas of Use. Check with your local insurance carrier and Fire Marshall for more information about the approved uses of industrial powered lift trucks in your application.

If the forklift has been proven to satisfy the outlined criteria, the following labels may be placed. A labeled truck would have the type designation put on the forklift nameplate and will have one of the following labels placed.
